

SIGNS A HOUSE IS HAUNTED

Strange Noises...

Disembodied footsteps, banging or knocking

Opening & Closing of Doors

Bedroom, cupboard & cabinet doors...

Lights Going On & Off

Electronic items could operate on their own

Objects Disappear & Re-appear

Spirited hide-n-seek to get your attention

Strange Behavior of Pets

Does a cat or dog see or hear the unseen?

Weird Feeling of Being Watched

Heebie-jeebies. You are not alone.

Unexplained Cold Spots

Odd energy from spirits could cause cold areas.

Unfamiliar Odors

Smell Aunt's perfume or Uncle Joe's cigar?

Objects Moving on Their Own

Seeing the supernatural at work!

Ghostly Writing

Look for hand or finger prints and writing on walls or paper...

Levitating Objects

Something floating is a 'dead' give-away!

Hearing Voices...

Whispers, cries or being summoned by name.

Mists & Vapors

Some people report seeing white or gray clouds of mist.

Moving Shadows

'Black static' mists or figures might be ghosts.

Being Touched...

Caressed, bumped, pushed or scratched..

Apparitions of People

A see-through human figure - oh my!
